anton.rychagov@gmail.com

---

*Senior Android Engineer & Engineering Manager with 10+ years of experience building high-performance mobile applications at scale. Strong background in Android architecture, Kotlin/Java, team leadership, and developer tooling. Focused on building reliable, testable, and maintainable systems.*

## PROFESSIONAL EXPERIENCE

---

### YANDEX

**Remote**

Team Lead / Senior Staff Android Engineer

*November 2013–Present*

- Lead a multinational team of 40+ engineers working on Yandex and Yandex Browser, the company's flagship Android applications;
- Own team planning, hiring, performance reviews, and technical decision-making;
- Designed and implemented several internal company-wide Android libraries;
- Built and maintained Crash Bot — a Python-based analytics tool for monitoring crash rates, ANRs, and performance metrics for Android and iOS builds;
- Migrated the main page backend from TypeScript to Kotlin, enabling mobile engineers to directly develop BDUI logic;
- Led the mobile algorithm interview pipeline and interviewer training program;
- Collaborated closely with cross-functional teams including backend, QA, infrastructure, and product groups

## EDUCATION

---

### SAINT PETERSBURG STATE TECHNICAL UNIVERSITY

**Saint Petersburg, Russia**

Bachelor of Science in Applied Mathematics and Informatics (Computer Science)

*July 2013*

GPA: 4.1/5.0

## SKILLS

---

- Kotlin, Java (Expert)
- Android Architecture, Performance Optimization, Testing (Unit/UI), CI/CD
- Python, C++ (Working knowledge).
- Leadership, Hiring, Mentorship, System Design

## LANGUAGES

---

- Russian - Native
- English - Fluent (C1)
- Georgian - Basic (A1)
